OBJECTIVE

A recent graduate of Information Technology, eager to develop new skills, share knowledge, and build a successful professional career.

EDUCATION

Bachelor of Science in Information Technology
Magna Cum Laude
Bicol University, College of Science

2020 - 2024

SKILLS

Technical Skills

- **Programming/Scripting:** UI/UX, HTML, CSS, PHP, Laravel, JS, Java, C++, Systems Analysis
- **Data Analytics:** MySQL, Python, Power BI
- **Office Productivity:** MS Office Tools, Adobe Photoshop, Canva

Soft Skills

Willingness to learn in a dynamic work environment, communicating technical concepts to non-technical people, experienced leading group projects, and analytical skills.

EXPERIENCE

Intern

Jan 2024 - May 2024

Department of Information and Communications Technology
Region-V

- Reviewed Java programming passing DICT's Programming Proficiency Diagnostic exam.
- Contributed as layout artist and cartoonist for DICT's newsletter.

PROJECTS

Loan Management System for Bicol University Provident Fund. Created a web-based system for our undergraduate capstone and thesis project that automates the loan process, tracking, and membership form application at Bicol University Provident Fund Inc.

EXTRA-CURRICULAR ACTIVITIES

- Coding problem solving and skill development: actively engage in solving and learning coding problems.
- Actively learning new relevant work skills from reputable online sources to maintain and improve professional competency.
- Freelance Digital Artist: Created and delivered high-quality digital artwork for various clients and meet their deadlines.

AFFILIATION

Bicol University Order of the Blue Feather Society (BU-OBFS). Recognized as part of the honor society in the year 2024. OBFS recognizes exemplary students and faculties that uphold the university's core values.
